

## Water2Adapt Kick-off-Meeting

# Resilience enhancement and water demand management for climate change adaptation

1<sup>st</sup> October 2010

Fondazione Eni Enrico Mattei, Island of San Giorgio Maggiore, Venice – Italy

Water2Adapt (September 2010-August 2012) is an applied-research project which seeks to produce policy-relevant knowledge and recommendations for water management and the implementation of the EU Water Framework Directive. In particular, the project will contribute to the economic analysis of water uses, efforts to set up efficient and socially equitable prices for water and water services, and to assess programmes of measures in the river basins
